Ascend®™ lift technology offers 18" of effortless height adjustment range. With the added bonus of an easy height adjustment hand lever.

3. Small footprint:

With our cart being only 18" wide, we are helping you fit into tight spaces.

4. Ships fully assembled:

Saving you time and money.

5. Color Choices:

6. Customization:

There are various needs for every healthcare environment. That is why customization is key. Let our professional sales and engineering team help you with customizing your cart.

7. Technology Security:
